## Inaugural Meeting Results – Survey of All Attendees

Total Votes: 54

Question: Did this meeting help you understand the theme of Fundamentals and Applications of Structured Light?

Rating	1	2	3	4	5
Votes	0	0	3	12	39

Average Rating: 4.66

Question: Did this meeting help you understand the research work being carried out in Spain on Fundamentals and Applications of Structured Light?

Rating	1	2	3	4	5
Votes	0	0	4	5	45

Average Rating: 4.75

*These results indicate that the meeting was effective in providing a good understanding of both the theme and the related research work on structured light in Spain.*

Question: Have you learned about any topics outside your usual research area that you found attractive in this meeting?

Rating	Si	No
Votes	53	1

Question: Do you think that this type of research network is useful for promoting collaboration between Spanish research groups?

Rating	Si	No
Votes	53	1

*These results reflect a high appreciation of the meeting for discovering new topics and a positive view of research networks as tools for fostering collaboration.*

Question: What groups have you learned about for the first time as a result of this meeting?

Number of Groups Known as a Result of the Meeting	0	1	2	3	4	5	6	7	8	9	10	11	12	13	14
Number of Responses	2	1	1	6	4	10	4	7	1	5	1	4	5	1	2

## Red de Investigación en Fundamentos y Aplicaciones de la Luz Estructurada

### Number of Participants in the Inaugural Meeting who Have Learned About the Following Research Groups:

Theory for Quantum Technologies Group (TQT group) - Universitat Politècnica de València (UPV)	35
Estructuras Fotónicas no lineales - Universitat de València (UV)	33
Grupo de investigación en luz estructurada - Universidad de Zaragoza (UZ)	30
Grupo de Investigación de Óptica (GROC-UJI) - Universitat Jaume I (UJI)	27
Grupo de luz estructurada UCM: Control espacial/temporal de haces láser continuo/pulsado y sus aplicaciones - Universidad Complutense de Madrid (UCM)	27
Grupo de Tecnología Óptica y Optoelectrónica - TecnOpto-UMH - Universidad Miguel Hernández de Elche (UMH)	27
Attosecond and ultrafast x-ray optics - Universidad Autónoma de Madrid (UAM)	26
Grupo de Sistemas Complejos - Universidad Politécnica de Madrid (UPM)	26
Quantum Atom Optics group (QAOS) - Universitat Autònoma de Barcelona (UAB)	26
Engineering physics group - Universidad de Vigo (UVigo)	25
Grupo de Fotónica Aplicada / Applied Photonics Group - Universidad del País Vasco (UPV/EHU)	25
Materials Physics Center. Quantum Nanophotonics Laboratory	25
Photonics4Life - Universidade de Santiago de Compostela (USC)	16
Laboratorio de Óptica - Universidad de Murcia (UMU)	13
Grupo de Aplicaciones del Láser y Fotónica - Universidad de Salamanca (USAL)	5

*Note: Since the ALF-USAL group had many participants, it received fewer votes than other groups.*

### Ideas to Enhance Collaboration Among Network Members:

Received 20 responses

- With Specific Funding: 1 response
- Creating a Directory of Facilities and Techniques: 1 response
- Workshops on Each Group's Disciplines: 3 responses
- Travel and Stays: 9 responses
- Mailing List for Relevant Publications: 1 response
- More Time for Discussion and Interaction Among Participants: 3 responses

# FASLIGHT

## Red de Investigación en Fundamentos y Aplicaciones de la Luz Estructurada

- Creation of an Internal Forum for Addressing Questions and Problems: 1 response

### Inaugural Meeting Results – Survey of Node Representatives

Received 12 Responses

Which nodes have you previously collaborated with on research results (publications, patents, etc.)

Which nodes do you think you can potentially collaborate with during the duration of the Network?

	Existing Collaborations	Potential Collaborations
Grupo de luz estructurada UCM: Control espacial/temporal de haces láser continuo/pulsado y sus aplicaciones - Universidad Complutense de Madrid (UCM)	S/D	S/D
Estructuras Fotónicas no lineales - Universitat de València (UV)	3	10
Engineering physics group - Universidad de Vigo (UVigo)	5	7
Grupo de Aplicaciones del Láser y Fotónica - Universidad de Salamanca (USAL)	S/D	S/D
Attosecond and ultrafast x-ray optics - Universidad Autónoma de Madrid (UAM)	3	3
Grupo de Fotónica Aplicada / Applied Photonics Group - Universidad del País Vasco (UPV/EHU)	4	5
Grupo de Investigación de Óptica (GROC-UJI) - Universitat Jaume I (UJI)	2	4
Materials Physics Center. Quantum Nanophotonics Laboratory	0	12
Theory for Quantum Technologies Group (TQT group) - Universitat Politècnica de València (UPV)	4	9
Grupo de investigación en luz estructurada - Universidad de Zaragoza (UZ)	S/D	S/D
Grupo de Tecnología Óptica y Optoelectrónica - TecnOpto-UMH - Universidad Miguel Hernández de Elche (UMH)	3	8
Grupo de Sistemas Complejos - Universidad Politécnica de Madrid (UPM)	1	5
Quantum Atom Optics group (QAOS) - Universitat Autònoma de Barcelona (UAB)	2	5
Laboratorio de Óptica - Universidad de Murcia (UMU)	2	4
Photonics4Life - Universidade de Santiago de Compostela (USC)	3	10
